BRIEF ABSTRACT OF LETTER

Requesting that instructions may be issued to the City Municipality Bangalore to drop their plan of constructing a Maternity Hospital in the PRP grounds facing the Seven Circle Bangalore

NOTES AND ORDERS

1) Submitted. In view of the opinion of the IG of Police that the proposed construction of a Maternity Hospital adjacent to the PRP lines is undesirable and that the site is required by the Police Dept for the construction of quarters to the ASIs and PIs of the PRP the construction of the Hospital may be stopped perhaps

2) The case may be referred to the DS & Branch for necessary action

3) It is not desirable to have a Maternity Hospital just adjacent to the Armed Forces Lines. Moreover the Armed Reserves itself is undergoing rapid expansions and the site on which it is proposed to build the Hospital may be required by the Police Dept for the construction of quarters to the personnel of the Armed Reserves. The L.S.G. Branch may perhaps bring this matter to the notice of the Municipality

Construction of a Maternity Hospital on the Site now occupied by the unused Out-Post building in the P P P Grounds facing the Sirsi Circle on Bangalore-Mysore road

---

I have the honour to state that it is understood that the Bangalore City Municipal Authorities are contemplating to construct a Maternity Hospital on the site where the old Out-Post building is now situated in the Provincial Reserve Police grounds facing the Sirsi circle on the Bangalore-Mysore road This proposal of the Municipality is neither desirable nor advisable in view of the fact that the site selected for the proposed construction is adjacent to Provincial Reserve Police line and the Hospital will be occupied and visited by numerous women and nurses, all the 24 hours It is not therefore desirable to locate the hospital in the vicinity of the Provincial Reserve Police lines Further, this site is required by this Department for constructing quarters for the Assistant Superintendents of Police, and Police Inspectors of the Provincial Reserve Police

In these circumstances, I request that instructions may be kindly issued to the Municipality to drop their plan of constructing the hospital on the above site, which appears to have been selected for the purpose without consulting the Inspector General of Police, and that the sanction of Government conveyed to make over this to the Police Department for the construction of quarters for the Assistant Superintendents of Police and Police Inspectors of the Provincial Reserve Police
